

# LETTERING FOR LEARNERS

## **INSTRUCTIONS**

Practice your lettering by tracing two variations of script and two variations of all-caps print.

Then, combine script and print to make beautiful word art. Trace our six examples, then get creative and make your own! Use the two blank pages for your own creations.

## **RECOMMENDED PENS**

Ideal pens for lettering are Faber-Castell Pitt Artist Pens in M (medium) and B (brush).

However, you can have fun tracing and experimenting with lettering with any fine-point pens and felt-tip markers you happen to have laying around.

Happy lettering!
